Adriana Giotta
In association with
Dr. Robert N Brockman
Schema Therapy Training Australia

Present

Level 1 Schema Therapy Practitioner Training
"The Model, Method, and Techniques"

3-day ISST accredited workshop

Wednesday 24th October – Friday 26th October (2018)

Venue: 87 Club Street, #03-01, Singapore, 069455

Course Presenter: Dr. Robert N Brockman
Clinical Psychologist (Sydney, Australia)
ISST Accredited Schema Therapist, Supervisor & Trainer

Course Fee:
Early Bird SGD 999 (ends 31/07/18)
Standard Registration SGD 1100

Focus of the course: This introductory workshop will help attendees gain an understanding of the Schema Therapy model and provide an extensive platform for learning new skills and techniques used in Schema Therapy. The workshop will address both the schema and 'mode' models. The training is skills based, with multiple opportunities to learn complex techniques for working with difficult-to-treat clinical populations, with a particular focus on Borderline Personality Disorder and its treatment.

This workshop will provide you with a good platform for learning and practicing skills, as well as direct coaching of skills therapists often feel less confident in applying. This workshop is accredited by the International Society for Schema Therapy (ISST) as a 3-day introductory workshop that can be used for the purpose of accreditation as a schema therapist (for more information on our ISST accredited training program see www.schematherapytraining.com)

Places are strictly limited to 20 participants to allow for better supervised practice and feedback. We expect this workshop to reach full capacity so please book early to avoid disappointment.

Workshops frequently sell out due to the small size of the workshops. Registrations can be made by requesting an invoice from admin@schematherapysydney.com.au. If you would require us to hold you a place while you negotiate with your employer please let us know via the email above.

Please note that bookings will be confirmed only when payment is received.

Note: Morning and afternoon tea will be provided.

Presenter Bio: Robert is a Lecturer and Psychology Clinic Supervisor on the Clinical Psychology Masters program at the University of Technology - Sydney (UTS). He has extensive clinical experience in both the public and private sector and is accredited by the International Society for Schema Therapy (ISST) as a schema therapist, supervisor, and trainer. Robert has a major clinical and research interest in formulation and intervention with complex presentations that prove difficult to treat via standard evidence-based protocols. He is currently engaged in clinical research focusing on extending the schema model into novel populations (e.g. GAD, Eating Disorders, HIV Sufferers, Problem Gamblers, Forensic Patients, and Psychosis).
